The Hamburg Representation Mumbai in association with its partners invites you to a seminar on business opportunities in the metropolitan region of Hamburg.

Hamburg hosts a number of innovative growth sectors, most notably in the fields of port & logistics, life sciences, the aviation industry, and media & IT. Other promising key sectors are renewable energy, maritime industry and trade relations with Asia, making Hamburg the ideal business location for Indian companies seeking success in the European market.

Please join us for this dynamic informative session with presentations, networking and discussions with German experts and attend this special event to find out how your business can profit from the metropolitan region of Hamburg as a gateway of business opportunities.

Date: 4th December 2015
